

## When to access each type of care

Knowing where to go will help you receive better health care, sooner.

### EMERGENCY DEPARTMENT

If your issue is serious and life-threatening, go straight to the nearest hospital emergency department or call 911.

#### Emergency departments include:

- Brandon Regional Health Centre | 150 McTavish Ave East

#### Call 911 or go to an emergency department for issues such as:

- Stroke/facial weakness/extremity weakness
- Heart attack/chest pain or tightness
- Unable to wake/unconsciousness
- Sudden onset of severe headache or confusion
- Seizure activity and/or severe head injury
- Major assault such as stabbings or shootings
- Severe difficulty breathing or trouble speaking
- Uncontrolled or severe bleeding
- Major trauma such as loss of limb
- Severe allergic reaction
- Severe burns

#### While non-life threatening, you should also visit Brandon Regional Health Centre for the following issues:

- Illness or injuries that cannot wait for you to see your family doctor
- Fevers, flu symptoms, rashes or infections
- Dehydration
- Cuts that won't stop bleeding
- An injured limb that might be broken or sprained
- Any other urgent, but not life-threatening conditions

### REGULAR HEALTH CARE NEEDS
